

# SPRADLING®

# Waytech

Waytech is a combination of technology and comfort, providing the most demanding customers with an unprecedented product that is both luxurious and durable. It can withstand the rigors of daily heavy transit use, while ensuring it passes the arduous tests required by US transportation authorities, including updated rail standards.

Waytech features a soft, supple hand, enhanced styling, and performance; a departure from traditional transit materials, which are often stiff and uncomfortable. Waytech delivers a modern color palette, can be customized with unique colors and embossing's while exceeding the stringent requirements of Docket 90 flame, smoke, and toxicity specifications. For further information please contact your dedicated Spradling sales representative.
